

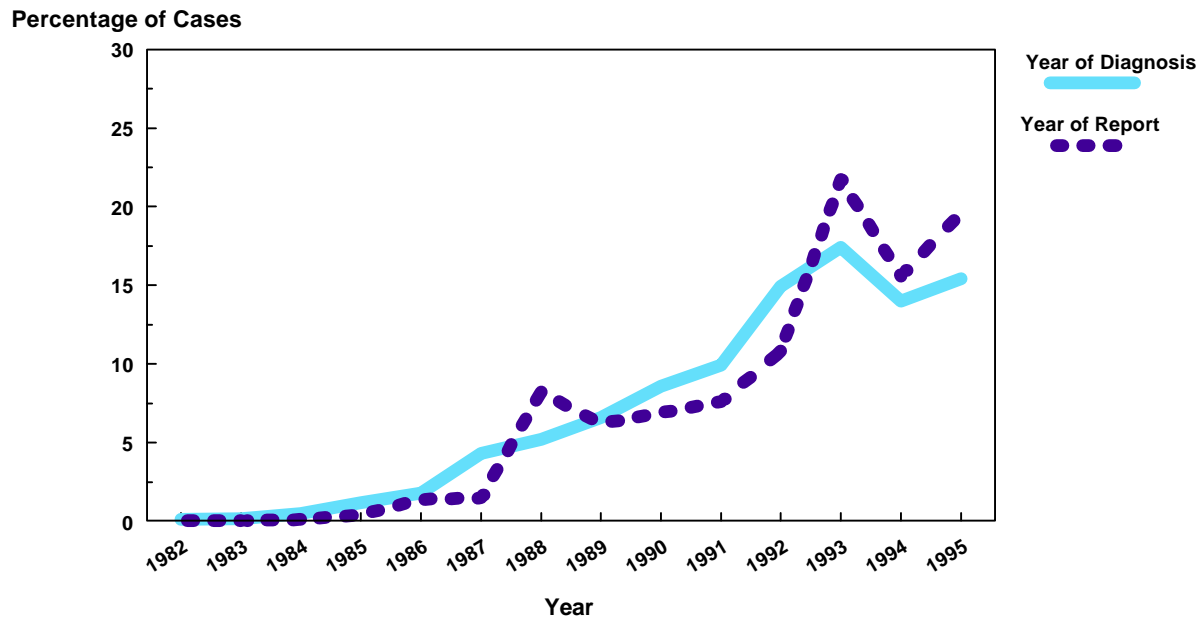

**Figure 2.2.7. Percentage of Adult/Adolescent AIDS Cases by
Year of Diagnosis Compared with Year of Report
1982-1995, Tennessee**

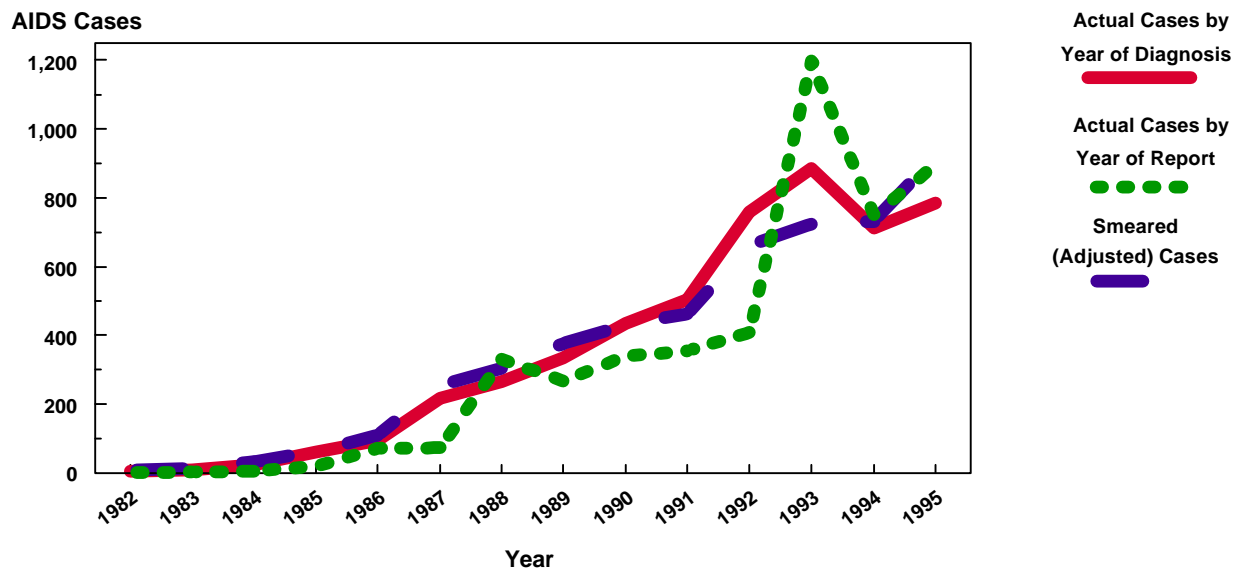

Source: CDC, except year of diagnosis data from TDH HARS

Note: Year of report is calculated from HARS data using the CDC algorithm based on date entered, where date reported is not known.

Year of report data from CDC are based on a different definition of Tennessee residence than that used by the TDH STD/HIV Program

**Figure 2.2.8. AIDS Incidence Adjusted for Reporting Delays by Year
Using Forward Smearing of All Non-OIs, All Modes of Exposure/
All Races - Adults/Adolescents, Tennessee**

Source: CDC, except year of diagnosis data from TDH HARS
